Section 1. Section 2 of the volunteer firefighters' benefit law, as amended by chapter 476 of the laws of 2018, is amended to read as follows:

§ 2. Purpose. One of the finest traditions of American community life is the service which people render to others [~~without remuneration~~]. Volunteer firefighters have long been in the forefront of this group. In recognition of the unselfish service by these volunteers, government has undertaken to provide for them and their families some measure of protection against loss from death or injuries in line of duty. This law establishes a new single system of benefits for volunteer firefighters and provides for the administration of such system by the workers' compensation board and the chairman of such board.

It is hereby declared that this chapter is intended to effectuate the objects and purposes of section eighteen of article one of the state constitution and that the relationship between the political subdivision liable for benefits under this chapter and a volunteer firefighter entitled to such benefits is that of employer and employee within the meaning of such provision of the state constitution.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would revise the terms of participation in the New York State and Local Retirement Systems (NYSLRS) Contribution Stabilization Program (CSP). Participating employers in the NYSLRS may enter the CSP to reduce volatility in average annual contribution rates. Should employer billing rates increase rapidly, the CSP allows a portion of the increase to be amortized over 10 years for the regular CSP or 12 years for the alternative CSP. Should employer billing rates decrease rapidly, the CSP requires employers to make an additional contribution, called a graded payment. The graded payment is deposited into an interest-bearing reserve fund held within the NYSLRS for the exclusive use by the employer to reduce future amortizations.

This bill revises the CSP in the following ways:

1) Limits the value of the reserve fund assets. Graded payments would cease when the employer's reserve fund assets exceed the employer's actuarial contribution in the prior fiscal year. Currently, the reserve fund is capped at 100% of the employer's payroll.

2) Creates provisions for termination from the CSP, subject to approval by the Comptroller, provided all prior year amortizations are paid in full, including interest. Beginning the fiscal year following termination, the employer would not be required (or allowed) to make a graded payment. Any existing reserve fund assets would be used to reduce future annual bills up to the amount the employer would have been able to amortize if still in the program. The employer would be permitted to re-enter the regular CSP only if eligible to amortize, provided all reserve fund assets are depleted.

3) Allows an employer to utilize its reserve fund assets to pay a portion of its annual bill when the employer's average actuarial contribution rate exceeds the employer's graded rate. Currently, the employer's average actuarial rate must exceed the System graded rate.

If this bill is enacted during the 2023 legislative session, we anticipate some administrative costs to implement the provisions of this legislation.

PART EE

Section 1. This act shall be known and may be cited as the "democracy preservation act".

§ 2. Legislative findings. The legislature hereby finds and declares that New York state welcomes immigrants, visitors, and investors from around the world. However, its elections should be decided by the people of New York and not by foreign investors or the business entities over which they exert influence. Corporations with partial foreign ownership have been spending money to influence state and local elections in New York and around the country. The public has a compelling interest in limiting the participation of foreign entities in activities of American democratic self-government, which include spending money to influence voters and finance campaigns, in the interest of preventing foreign influence over the United States political process.

Investors are the ultimate beneficiaries of corporate interests. Where part of the shareholders' equity is attributable to foreign investors, spending corporate treasury funds on New York elections means spending the equity of foreign entities on New York elections.

Business corporations and similar entities have a fiduciary duty to their shareholders, including investors around the world, and generally prioritize the interests of such shareholders, which may diverge substantially from the interests of the people of New York and of citizens of the United States. In addition, both formal procedures of corporate democracy and informal mechanisms of influence can provide foreign investors with substantial influence even with only a minority of shares. The United States Securities and Exchange Commission, major capital investors, corporate managers, and corporate governance experts broadly agree that ownership or control of one percent or more of shares can confer substantial influence on corporate decision-making.

Political spending by foreign-influenced business entities can weaken, interfere with, or disrupt New York's democratic self-government and the faith that the electorate has in its elected officials. To protect the integrity of New York's democratic self-government, it is necessary to prevent foreign-influenced business entities from influencing New York elections through political spending.

§ 3. The election law is amended by adding a new section 14-117 to read as follows:

§ 14-117. Prohibited contributions by foreign-influenced business entities. 1. Notwithstanding any provision of law to the contrary, it shall be unlawful for a foreign-influenced business entity, directly or indirectly, to make a contribution or donation of money or other thing

1 of value, or to make an express or implied promise to make a contrib-
2 ution or donation, in connection with a state or local election.

3 2. It shall be unlawful for a business entity prohibited under subdi-
4 vision one of this section, directly or indirectly, to make a contrib-
5 ution or donation to a constituted committee, independent expenditure
6 committee, political committee, or party committee.

7 3. It shall be unlawful for a business entity prohibited under subdi-
8 vision one of this section, directly or indirectly, to make an expendi-
9 ture, independent expenditure, or disbursement for a political communi-
10 cation.

11 4. It shall be unlawful for a person to knowingly solicit, accept, or
12 receive a contribution or donation described in subdivision one, two or
13 three of this section from a foreign-influenced business entity.

14 5. Except as provided in subdivision six of this section, it shall be
15 unlawful for a person who receives a contribution or donation from a
16 business entity to use that contribution or donation, directly or indi-
17 rectly, for any of the purposes described in subdivision one, two, or
18 three of this section, or to contribute, donate, transfer, or convey
19 funds from such a contribution or donation to another person for use for
20 any of the purposes described in subdivision one, two, or three of this
21 section. However, a person may use funds that do not comply with the
22 requirements of this section for other lawful purposes.

23 6. A person who receives a contribution or donation from a business
24 entity, and also receives from the business entity a copy of the state-
25 ment of certification described in subdivision four of section 14-116 of
26 this title, may use such funds for the purposes described in subdivision
27 one, two, or three of this section only if the person separately desig-
28 nates, records, and accounts for such funds, and ensures that disburse-
29 ments for the purposes described in subdivision one, two, or three of
30 this section are only made from funds that comply with the requirements
31 of this section. A person may rely in good faith on a statement of
32 certification that meets the requirements of subdivision four of section
33 14-116 of this title.

34 7. Any person found in violation of this section shall be guilty of a
35 class E felony and shall be subject to a civil penalty equal to the
36 contribution or donation amount plus a fine of up to ten thousand
37 dollars, to be recoverable in a special proceeding or civil action to be
38 brought by the state board of elections chief enforcement counsel.

39 § 4. Section 14-100 of the election law is amended by adding three new
40 subdivisions 18, 19 and 20 to read as follows:

41 18. "foreign-influenced" shall mean a business entity for which at
42 least one of the following conditions is met:

PART 00

Section 1. Declaration of policy and statement of purpose. It being in the vital interest of the general public that public works in the state of New York be administered efficiently and at a reasonable and equitable cost; and, the unforeseen emergency of unanticipated escalation in construction materials prices having imposed substantial inequity upon contractors who have heretofore been awarded contracts after public bidding; and, such inequity having threatened the ability of contractors to fulfill contracts so awarded; and, in order to perpetuate the benefits derived by the general public from the existing system of public bidding, and to assure the continuance of the orderly performance of contracts heretofore awarded as a result of such public bidding; and, it being in the best interest to provide equitable relief to those contractors who, having been awarded public contracts, have sustained damage by reason of such construction materials price escalation, this act is hereby enacted.

§ 2. Whenever the terms and conditions of a construction contract awarded by the state of New York or a public benefit corporation based upon bids submitted prior to April 1, 2020 but only for which materials were purchased or invoiced after March 1, 2020, require a contractor to furnish materials in such contract pertaining to such construction materials may be adjusted upon a determination made by the officer of the department, board, agency or public benefit corporation that awarded such contract that there has been an increase in the cost of acquisition by the contractor, subcontractor or supplier of materials of such materials in excess of five percent, determined as of the time of the award. Such a determination shall be based upon the available evidence, including but not limited to, an appropriate nationally recognized economic index published by the United States department of labor or other appropriate organization. In the case of any state department or agency any such increase in contract price shall be subject to the approval of the state comptroller. Any contractor, subcontractor or supplier of materials who receives an increase in the cost of construction materials shall also be subject to a downward adjustment in construction materials prices for subsequent de-escalation which may result in a price being lower than the original bid price. Any contractor requesting an adjustment shall make application in writing submitting documentary evidence to the office of the department, board, agency or public benefit corporation

1 that awarded the contract establishing such increase in accordance with
2 the requirements of the department, board, agency or public benefit
3 corporation, which evidence shall be subject to public inspection during
4 regular business hours. Any subsequent decrease or de-escalation shall
5 be made upon a determination by the officer of the department, board,
6 agency or public benefit corporation that awarded such contract that
7 there has been a subsequent decrease in the cost of acquisition of such
8 construction materials by the contractor, subcontractor or supplier of
9 materials. Such a determination shall be based upon the available
10 evidence, including but not limited to, an appropriate nationally recog-
11 nized economic index published by the United States department of labor
12 or other appropriate organization. Upon the agreement of the parties,
13 the contract may be amended in writing to reflect the increased or
14 decreased cost of acquisition of such materials insofar as it exceeds
15 five percent thereof and such contract amendment shall state the amount
16 of adjustment and the basis therefor, but in no event shall direct labor
17 costs, additional profit or overhead be part of such adjustment. To the
18 extent a construction contract is subject to approval by the state comp-
19 troller, and as to the form and manner of execution, by the attorney
20 general, every such contract amendment shall be subject to the approval
21 of the state comptroller, and as to form and manner of execution, by the
22 attorney general. No adjustment shall be granted in an amount which,
23 together with any other sum obligated under the contract, shall exceed
24 the money appropriated or otherwise lawfully available for the project.

25 § 3. (a) The commissioner of general services in contracting for
26 commodities is authorized, with the approval of the state comptroller,
27 to terminate or suspend for a part of its term any state contract award
28 for the purchase of commodities upon written application for such termi-
29 nation or suspension by the vendor, where extraordinary and unforeseen
30 general market conditions have caused increases in the vendor's costs
31 for construction materials or other physical elements consisting of
32 construction materials to be sold under the contract, where the contract
33 covers materials which were purchased or invoiced after March 1, 2020,
34 and the commissioner of general services determines upon evidence
35 furnished by the vendor as required and deemed to be sufficient by the
36 commissioner that as the direct and sole result of such increases during
37 the term of the contract, which exceed five percent of the contractor's
38 aggregate acquisition costs determined as of the time of the award, the
39 contractor has incurred or will incur an actual net loss on such
40 contract from the estimated sales made under the contract and the
41 contractor would continue to incur such net losses unless the contract
42 is suspended or terminated. Such a determination shall be based upon the
43 available evidence, including but not limited to, an appropriate
44 nationally recognized economic index published by the United States
45 department of labor or other appropriate organization.

46 (b) The commissioner of general services is further authorized,
47 following the determination made pursuant to the provisions of subdivi-
48 sion (a) of this section that the contractor has incurred or will incur
49 an actual net loss on such contract from the sales made under the
50 contract, to grant an increase or increases in the prices of the commod-
51 ities specified by the contract, in amounts necessary to prevent further
52 net losses to the contractor on such contract from deliveries to be made
53 thereafter under the contract, as compensation for and not exceeding
54 increases of the contractor's acquisition costs during the contract
55 term. Any such increase in contract prices shall be subject to the
56 approval of the state comptroller. Any contractor who receives an

1 increase in the price of the commodities shall also be subject to a
2 downward adjustment in the price of the commodities for subsequent
3 de-escalation which may result in a price being lower than the original
4 bid price. Any subsequent decrease or de-escalation shall be made upon a
5 determination by the officer of the department, board, agency or public
6 benefit corporation that awarded such contract that there has been a
7 subsequent decrease in the cost of acquisition of such construction
8 materials by the contractor, subcontractor or supplier of materials.
9 Such a determination shall be based upon the available evidence, includ-
10 ing but not limited to, an appropriate nationally recognized economic
11 index published by the United States department of labor or other appro-
12 priate organization.

13 (c) All records, books and documents of the contractor which are
14 related or useful to the determinations made by the commissioner of
15 general services and to the approval of the state comptroller hereunder
16 shall be subject to audit and examination by the state comptroller.

17 § 4. This act shall take effect immediately and shall expire and be
18 deemed repealed June 30, 2024.

46 § 6. Severability. If any provision of this act or the application
47 thereof to any person, corporation or circumstances is held invalid,
48 such invalidity shall not affect other provisions or applications of the
49 act which can be given effect without the invalid provision or applica-
50 tion, and to this end the provisions of this act are declared to be
51 severable.

52 § 7. This act shall take effect on the one hundred twentieth day after
53 it shall have become a law.

1 Section 1. Short title. This act shall be known and may be cited as
2 the "detailed assessment of technological assets in the state act (DATA
3 state act) of 2023".

4 § 2. Section 103 of the state technology law is amended by adding a
5 new subdivision 23 to read as follows:

6 23. To collect and compile a comprehensive database of inventories of
7 the information systems maintained by or on behalf of the state entity
8 pursuant to section four hundred two of this chapter, and publish
9 reports pursuant to section four hundred three of this chapter, and to
10 provide any technical assistance and resources to state entities as
11 needed to comply with the provisions of section four hundred two of this
12 chapter.

13 § 3. The state technology law is amended by adding a new article 4 to
14 read as follows:

15 ARTICLE IV

16 STATE DATA AND INFORMATION SYSTEMS

17 Section 401. Definitions.

18 402. Data and information system inventory.

19 403. Inventory database and reporting.

20 § 401. Definitions. For the purpose of this article:

21 1. "Information system" shall mean any good, service or a combination
22 thereof, used by any computer, cloud service, or interconnected system
23 that is maintained for or used by a state entity in the acquisition,
24 storage, manipulation, management, movement, control, display, switch-
25 ing, interchange, transmission, or reception of data or voice including,
26 but not limited to, hardware, software, information appliances, firm-
27 ware, programs, systems, networks, infrastructure, media, print and
28 non-digitized methods, and related material used to automatically and
29 electronically collect, receive, access, transmit, display, store,
30 record, retrieve, analyze, evaluate, process, classify, manipulate,
31 manage, assimilate, control, communicate, exchange, convert, coverage,
32 interface, switch, or disseminate data of any kind or form.

33 2. "State entity" shall mean any state board, bureau, division,
34 committee, commission, council, department, public authority, public
35 benefit corporation, office or other governmental entity performing a
36 governmental or proprietary function, including the office of court
37 administration, for the state of New York, except all cities, counties,
38 municipalities, villages, towns, and other local agencies.

39 3. "Immutable" shall mean data that is stored unchanged over time or
40 unable to be changed. This shall specifically apply to the character-
41 istics and attributes of a backup system's file system and may not be
42 applied to temporary systems state, time-bound or expiring configura-
43 tions, or temporary conditions created by a physical air gap as is
44 implemented in most legacy systems. An immutable file system must demon-
45 strate characteristics that do not permit the editing or changing of any
46 data backed up to provide agencies with complete recovery capabilities.

47 4. "Inventory" shall mean a comprehensive list of all data, metadata,
48 information systems and assets that a state entity has, including
49 details about their usage, storage, and user access.

50 5. "Mission critical" shall mean any system that is essential to the
51 state entity's functionality.

52 § 402. Data and information system inventory. 1. No later than fifteen
53 months after the effective date of this article, the office shall
54 collect and compile a comprehensive database of inventories of the
55 information systems maintained by or on behalf of the state entity and
56 update such database annually thereafter.

2. No later than one year after the effective date of this article and annually thereafter, each state entity shall create, and submit to the office, an inventory of the information systems maintained by or on behalf of the state entity and the purpose or purposes for which each such information system is maintained and used. The inventory shall denote those information systems that are mission critical, those that use personal information, and whether the information system is protected by immutable backups. For the purposes of backups, "immutable" shall mean that no external or internal operation can modify the data once established, and the data may not be available in a read or write state to any third party.

3. No later than one year after the effective date of this article, and annually thereafter, each state entity shall create, and submit to the office, an inventory of the data maintained by the state entity and the purpose or purposes for which such data is maintained and used. The inventory shall include a listing of all personal information maintained by the state entity, along with the source and age of such information, which job titles have access to the information, the number of individuals who are reasonably expected to have access to the data by job title, justification for each job title's access to such data, and on which information system the data is stored. Such inventory shall include an assessment of the digitization needs, the level of digitization of records and data of the entity, and the limitations of processing, program implementation, and service delivery for the entity due to lack of digital information systems.

4. Notwithstanding subdivisions one and two of this section, where a state entity already maintains a data inventory or information systems inventory, such state entity shall update such completed data inventory or information system inventory and submit to the office no later than one year after the effective date of this section.

5. To effectuate the purposes of this section, the office may request and shall receive from any department, division, board, bureau, commission or other agency of the state or any state public authority such assistance, information and data as will enable the office to carry out its powers and duties under this section. A state entity may request and shall receive, from the office, any technical assistance or resources necessary for compliance with the provisions of this section.

§ 403. Inventory database and reporting. The office shall submit a report on the database accompanied by all inventories collected pursuant to section four hundred two of this article no later than one year after the effective date of this article, and annually thereafter, to the speaker of the assembly, the temporary president of the senate, the office of the state comptroller, the senate chair of the committee on internet and technology, and the assembly chair of the committee on science and technology. The report shall include, but not be limited to, information regarding vulnerability assessments, incident response plans, current risk assessments, third-party risk management, and current compliance with federal laws relating to cybersecurity and data protection.

§ 4. This act shall take effect immediately.

PART WW

Section 1. Paragraph 2 of subdivision c of section 513 of the retirement and social security law, as added by chapter 890 of the laws of 1976, is amended to read as follows:

1 2. (i) A police/fire member shall be eligible to obtain credit for
2 service with a public employer described in paragraph one only if such
3 service, if rendered prior to July first, nineteen hundred seventy-six
4 by a police/fire member who was subject to article eleven of this chap-
5 ter, would have been eligible for credit in the police/fire retirement
6 system or plan involved.

7 (ii) Notwithstanding any other provision of law to the contrary, a
8 member of the New York city fire department pension fund subject to this
9 article shall be eligible to obtain credit for any period of allowable
10 service rendered as an EMT member, as such term is defined in paragraph
11 one of subdivision a of section six hundred four-e of this chapter, as
12 added by chapter five hundred seventy-seven of the laws of two thousand,
13 which immediately precedes service in the uniformed force of the fire
14 department and such service shall be deemed to be in service of the
15 uniformed force of the fire department for purposes of eligibility for
16 benefits and to determine the amount of benefits under the New York city
17 fire department pension fund, provided that such member pays or trans-
18 fers into the New York city fire department pension fund all member
19 contributions set forth in section five hundred seventeen of this arti-
20 cle plus interest, at a rate of five percent per annum. For a member who
21 transfers such contributions from the New York city employees' retire-
22 ment system to the New York city fire department pension fund or for a
23 member who withdraws such contributions from the New York city employ-
24 ees' retirement system, such member's membership in the New York city
25 employees' retirement system shall cease upon such transfer or with-
26 drawal and such member shall retain no credited service in such system.

27 (iii) The provisions of this paragraph shall apply to a member with
28 ten or more years of credited service in the New York city employees'
29 retirement system, notwithstanding the provisions of section six hundred
30 thirteen of this chapter or any other provision of law to the contrary.

31 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation would amend subdivision c of section 513 of the Retirement and Social Security Law (RSSL) to allow New York City Fire Pension Fund (FIRE) members subject to Article 14 (Tier 3, Tier 3 Modified, and Tier 3 Enhanced) to obtain service credit for service rendered as an emergency medical technician (EMT) with the New York City Employee's Retirement System (NYCERS).

The EMT service credit with NYCERS must immediately precede service in FIRE. If properly transferred or purchased, such service shall be deemed as pensionable service for purposes of determining the eligibility for benefits and benefit amounts in FIRE.

Upon attaining eligible service credit with FIRE, the member would relinquish prior membership and applicable benefits with NYCERS.

Effective Date: Upon enactment.

IMPACT ON BENEFITS/PAYABILITY: Currently, the purchase or transfer of service rendered as a NYCERS EMT member does not provide an additional service retirement benefit for FIRE members subject to Article 14.

Under the proposed legislation, EMT service transferred or purchased would count for purposes of determining benefit amounts and eligibility in FIRE and would increase and/or accelerate the payability date of benefits.

MEMBER CONTRIBUTIONS: Member contributions as defined in Article 14, plus 5.0% annual interest, for EMT service purchased or transferred would apply.

Member contributions made as a NYCERS EMT member in excess of the amount required would, if not otherwise utilized for a separate vested benefit, be refunded with 5.0% annual interest.

FINANCIAL IMPACT - PRESENT VALUES: Based on the census data and the actuarial assumptions and methods described herein, the enactment of this proposed legislation would result in an increase in the present value of future employer contributions of approximately \$19.3 million.

This net increase is a result of an increase in the Present Value of Future Benefits (PVFB) of approximately \$16.7 million and a decrease in the present value of member contributions of approximately \$2.6 million.

Under the Entry Age Normal cost method used to determine the employer contributions to FIRE, there would be an increase in the Unfunded Accrued Liability (UAL) of approximately \$40.6 million offset by a decrease in the present value of future employer Normal Cost of approximately \$21.3 million.

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: The enactment of this proposed legislation would result in an initial increase in annual employer contributions of approximately \$3.9 million which is the result of a decrease in the Normal Cost offset by the UAL payment. The average annual employer cost per member included in this fiscal note is approximately \$3,100.

New UAL attributable to benefit changes are generally amortized over the remaining working lifetime of those impacted by the benefit changes. The remaining working lifetime for this group is approximately 19 years and the increase in UAL was therefore amortized over a 19-year period (18 payments under the One-Year Lag Methodology) using level dollar payments.

CENSUS DATA: The estimates presented herein are based on the census data used in the June 30, 2022 actuarial valuation of FIRE to determine the Preliminary Fiscal Year 2024 employer contributions.

There are an estimated 1,261 active FIRE Tier 3 members as of June 30, 2022 who could potentially benefit from the proposed legislation by purchasing or transferring service earned as an EMT member. These active members had an average age of approximately 32.3 years, average service of approximately 5.3 years (before purchasing any additional service), and an average salary of approximately \$98,500.

On average, the 1,261 active FIRE Tier 3 members would be able to purchase 3.0 years of service earned as an EMT member with an estimated purchase cost of \$7,400 per former EMT member as of June 30, 2022.

ACTUARIAL ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the actuarial assumptions and methods to be used for the Preliminary Fiscal Year 2024 employer contributions of FIRE.

For the purposes of this Fiscal Note, it is assumed that the changes would be reflected for the first time in the June 30, 2022 actuarial valuation of FIRE used to determine employer contributions for Fiscal Year 2024.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, demographics of the impacted population and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein.

Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

Not measured in this Fiscal Note are the following:

* The employer costs for service purchased by future FIRE Tier 3 members for service earned as an EMT member. However, as noted above, the average annual employer cost per member included in this Fiscal Note is approximately \$3,100.

* The initial, additional administrative costs to implement the proposed legislation.

* The impact of this proposed legislation on Other Postemployment Benefit costs.

STATEMENT OF ACTUARIAL OPINION: I, Marek Tyszkiewicz, am the Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am an Associate of the Society of Actuaries and a Member of the American Academy of Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2023-01 dated February 10, 2023 was prepared by the Chief Actuary for the New York City Fire Pension Fund. This estimate is intended for use only during the 2023 Legislative Session.

23 if it produces disorienting sound or light. No artificial lighting
24 device of any kind shall be used in connection with the video equipment
25 or still camera.

26 5. Location of equipment personnel. Video camera equipment and still
27 camera photographers shall be positioned in such location in the court-

29 court or the chief administrative judge's designee. The area designated
30 shall provide reasonable access to coverage of the proceedings. Still
31 camera photographers shall assume a fixed position within the designated
32 area and shall not be permitted to move about to obtain photographs of
33 court proceedings. Media representatives shall not move about the court

50 the presiding judge held at the bench.

51 9. Impermissible use of media material. Film, digital files, vide-
52 otape, still photographs, or audio reproductions captured or recorded
53 during or by virtue of coverage of a judicial proceeding shall not be
54 admissible as evidence in the proceeding out of which it arose, in any
55 proceeding subsequent or collateral thereto, or upon retrial or appeal
56 of such proceedings.

10. Written order. An order restricting audio-visual coverage with respect to a particular participant shall be in writing and be included in the record of such proceeding. The order must state good cause why such coverage will have a substantial effect upon the individual which would be qualitatively different from the effect on members of the public in general and that such effect will be qualitatively different from coverage by other types of media. Before prohibiting audio-visual coverage, the presiding judge must first consider the imposition of special limitations, such as a delayed or modified still or audio-visual coverage of the proceedings.

In fixing the amount of the fine, the court shall consider all the facts and circumstances directly related to the contempt, including, but not limited to: (i) the extent of the willful defiance of or resistance to the court's mandate, (ii) the amount of gain obtained by the willful disobedience of the mandate, and (iii) the effect upon the public and the parties to the proceeding of the willful disobedience.

Section 1. Section 912 of the general municipal law, as added by chapter 390 of the laws of 1972, is amended to read as follows:

§ 912. Orange county industrial development agency. 1. For the benefit of the county of Orange and the inhabitants thereof, an industrial development agency, to be known as the ORANGE COUNTY INDUSTRIAL DEVELOPMENT AGENCY, is hereby established for the accomplishment of any or all of the purposes specified in title one of this article ~~[eighteen-A of this chapter]~~. It shall constitute a body corporate and politic, and be perpetual in duration. It shall have the powers and duties now or hereafter conferred by title one of this article ~~[eighteen-A of this chapter]~~ upon industrial development agencies. It shall be organized in a manner prescribed by and be subject to the provisions of title one of this article ~~[eighteen-A of this chapter]~~. Its members shall be appointed by the governing body of the county of Orange. The agency, its members, officers and employees and its operations and activities shall in all respects be governed by the provisions of title one of this article ~~[eighteen-A of this chapter]~~.

2. (a) In accordance with the powers of the authorities budget office established by title two of article one of the public authorities law, up to two monitors shall be appointed by and serve at the pleasure of the director of the authorities budget office ("director") to carry out the provisions of this act including but not limited to providing oversight, guidance and technical assistance related to the fiscal policies, practices, programs and decisions of the Orange county industrial development agency, including but not limited to decisions, actions and policies related to contracts and payment in lieu of taxes agreements.

(b) The reasonable and necessary expenses incurred by the monitor or monitors while performing his or her official duties shall be paid by the industrial development agency. Notwithstanding any other provision of law, the monitor or monitors shall be entitled to defense and indemnification by the industrial development agency to the same extent as an industrial development agency board member, officer, employee or agent.

(c) The monitor or monitors shall be entitled to attend all meetings of the industrial development agency, including executive sessions;

1 provided however, such monitor or monitors shall not be considered for
2 purposes of establishing a quorum of the board, provided further that
3 the monitor or monitors may be excused from executive sessions when
4 proposed, pending or current litigation involving the monitor or moni-
5 tors or the department are being discussed. The industrial development
6 agency shall cooperate with any monitor or monitors with access, within
7 forty-eight hours of such request from the monitor or monitors, to any
8 necessary documents and records of the industrial development agency
9 including but not limited to databases and planning documents, payment
10 in lieu of taxes agreements, and contracts consistent with all applica-
11 ble state and federal statutes. The monitor or monitors shall provide a
12 copy of such request for any document or record to the industrial devel-
13 opment agency board.

14 (d) The board shall provide the monitor or monitors with copies of any
15 meeting agendas and all resolutions and motions on such agenda for each
16 board meeting no later than seventy-two hours prior to such board meet-
17 ing. If a proposed resolution or motion is for the purpose of approving
18 a contract or a payment in lieu of taxes agreement, the board clerk
19 shall provide the monitor or monitors with copies of the proposed
20 contract or payment in lieu of taxes language at least seven days prior
21 to such meeting.

22 (e) In the event the monitor or monitors are not provided with copies
23 of proposed resolutions or motions seventy-two hours prior to a board
24 meeting or in the case of a proposed motion or resolution for the
25 purpose of approving a contract or payment in lieu of taxes agreement,
26 seven days prior to the next board meeting, the monitor or monitors may,
27 at their discretion, remove an item including board resolutions or
28 motions, from consideration by the board at such meeting. Upon failure
29 of the board to provide proposed resolutions or motions as required by
30 this section, the monitor or monitors shall provide notice of failure to
31 the board. An item removed from consideration by the monitor or monitors
32 may not be reconsidered by the board for a period of ten days or the
33 next board meeting; whichever is later unless the monitor or monitors
34 expressly authorizes consideration at an earlier date.

35 (i) The monitor or monitors shall have the discretion to disapprove of
36 any contract, payment in lieu of taxes agreement, agreement to waive
37 mortgage recording taxes, or agreement to provide sales tax exemptions
38 proposed by the board upon or after the effective date of this subdivi-
39 sion with seventy-two hours notice prior to the planned consideration of
40 such contract, payment in lieu of taxes agreement, agreement to waive
41 mortgage recording taxes, or agreement to provide sales tax exemptions;
42 provided however, that the monitor or monitors must provide a written
43 explanation for such decision; and provided further, that the director
44 shall have discretion to overturn such decision.

45 (ii) The monitor or monitors shall have the discretion to make changes
46 or additions to the by-laws and policies of the industrial development
47 agency; provided however, that such changes must be made with seventy-
48 two hours written notice to the board.

49 (iii) The monitor or monitors shall have the discretion to make chang-
50 es or additions to the industrial development agency's uniform tax
51 exemption policy; provided however, that such changes must be made with
52 seventy-two hours written notice to the board.

53 (iv) The monitor or monitors shall have the discretion to compel the
54 return of all or part of the financial assistance provided for any
55 project, including all or part of the amount of any tax exemptions, as
56 specified in the policy, where the monitors determine, through the agen-

1 cy's annual assessment of a project, or through any other means, that a
2 project shows material shortfalls in job creation and retention projec-
3 tions or material violations of the terms and conditions of project
4 agreements. All such returned amounts of tax exemptions shall be redis-
5 tributed to the appropriate affected tax jurisdiction, unless agreed to
6 otherwise by any local taxing jurisdiction.

7 (f) The board, in consultation with the monitor or monitors, shall
8 adopt a conflict of interest policy that complies with all existing
9 applicable laws, rules and regulations that ensures its board members
10 and administration act in the interests of orange county and comply with
11 all applicable legal requirements. The conflict of interest policy shall
12 include, but not be limited to:

13 (i) a definition of the circumstances that constitute a conflict of
14 interest;

15 (ii) procedures for disclosing a conflict of interest to the board;

16 (iii) a requirement that the person with the conflict of interest not
17 be present at or participate in board deliberations or votes on the
18 matter giving rise to such conflict, provided that nothing in this
19 subdivision shall prohibit the board from requesting that the person
20 with the conflict of interest present information as background or
21 answer questions at a board meeting prior to the commencement of delib-
22 erations or voting thereto;

23 (iv) a prohibition against any attempt by the person with the conflict
24 to influence improperly the deliberation or voting on the matter giving
25 rise to such conflict;

26 (v) compliance with all applicable state laws and regulations; and

27 (vi) a requirement that the existence and resolution of the conflict
28 be documented in the board's records, including in the minutes of any
29 meeting at which the conflict was discussed or voted upon.

30 (g) In the event that the monitor or monitors find that an adopted
31 resolution or motion, a proposed resolution or motion, or that the
32 board's failure to act violates state law, the rules of the industrial
33 development agency, the provisions of title one of this article, this
34 section, or is inconsistent with the economic interests of orange county
35 and its constituents, the monitor or monitors may:

36 (i) Override adopted or proposed resolutions or motions by the board
37 through the issuance of a directive which shall contain the specific
38 findings as to the necessity of such override and any potential correc-
39 tive action by the board that would address the deficiency in such
40 adopted or proposed resolution or motion. The monitor or monitors shall
41 provide written notice to the board to override the adopted or proposed
42 resolution or motion at any time but in no event later than forty-eight
43 hours after such resolution or motion was adopted by the board unless
44 the director has extended the period to override due to extenuating
45 circumstances that necessitate additional time. The override notice
46 shall stay the proceedings of the board on such adopted resolution or
47 motion or, if the notice is provided prior to action by the board, it
48 shall remove such proposed resolution or motion from consideration by
49 the board pending the issuance of a directive by the monitor or moni-
50 tors. The monitor or monitors must submit the directive to the board and
51 the director no later than ten days following notice of such override.
52 Upon the issuance of a directive, the override of the board's adopted or
53 proposed resolution or motion shall be final and conclusive unless the
54 monitor or monitors fail to issue such directive within 10 days or with-
55 in such period established by the monitor or monitors if the period was
56 extended, withdraws such override, or the director overrules the monitor

1 or monitors' override within ten days of the issuance of the directive.
2 The monitor or monitors may extend the period to submit such directive,
3 at intervals of ten additional days for each extension, if the board
4 fails to provide all relevant information requested by the monitor or
5 monitors related to the adopted or proposed resolution or motion subject
6 to such override within forty-eight hours of such request.

7 (ii) Submit a resolution for adoption by the board. The resolution
8 shall be submitted to the board no later than 48 hours prior to the next
9 scheduled board meeting who shall cause the resolution to be placed on
10 the next board meeting agenda and a copy to be issued to the board and
11 the director accompanied by specific findings as to the necessity of
12 such resolution. The monitor or monitors may direct the board to meet at
13 a date prior to their next scheduled board meeting to take up such
14 resolution. The monitor or monitors may withdraw the resolution prior
15 to, or during, the next board meeting, if the board takes sufficient
16 action to resolve the issues contained in the resolution. If the resolu-
17 tion is not withdrawn, it shall be deemed to be adopted at the next
18 board meeting through its submission and shall have the full force and
19 effect as any other resolution adopted by the board.

20 (iii) The monitor or monitors shall not override an adopted or
21 proposed resolution or motion or submit a resolution related to collec-
22 tive bargaining agreements negotiated in accordance with article four-
23 teen of the civil service law.

24 (h) The monitor or monitors may direct the board and any industrial
25 development officers, employees or agents to undergo any training as
26 deemed necessary and pursuant to timelines established by the state
27 monitor or monitors. In no event shall the total number of training
28 hours mandated by the monitor or monitors exceed fifteen hours in a
29 single calendar year. However, the monitor or monitors may recommend
30 additional training as deemed necessary.

31 (i) The monitor or monitors shall have the power to approve or disap-
32 prove the appointment, hiring, or contracting of officers, employees or
33 agents by the board on or after the effective date of this subdivision.
34 The board shall submit the recommendation for such appointments, hires
35 or contracting to the monitor or monitors for approval. The monitor or
36 monitors shall have ten days to approve or disapprove the board's recom-
37 mendation. If after such period no action is taken by the monitor or
38 monitors, the recommendation for such appointment, hiring or contracting
39 shall be deemed approved. If the monitor or monitors disapproves of the
40 appointment, hiring or contracting then the board shall recommend a new
41 candidate or candidates for the monitor or monitors to approve or disap-
42 prove until such appointment, hiring or contracting is approved by the
43 monitor or monitors. In the event that a vacancy occurs in such posi-
44 tions due to the disapproval of a recommendation, the monitor or moni-
45 tors may appoint a current officer or employee to serve in an interim
46 capacity until a recommendation is approved.

47 3. The director shall undertake an enhanced review of the budget deci-
48 sions and payment in lieu of taxes agreements of the industrial develop-
49 ment agency.

50 (a) The board shall annually submit the industrial development agen-
51 cy's proposed budget for the next succeeding fiscal year to the monitor
52 or monitors no later than forty-five days prior to its adoption. The
53 monitor or monitors shall review the budget to ensure that it, to the
54 greatest extent possible, is consistent with purposes and necessary
55 activities of the orange county industrial development agency, and that

1 it does not conflict with the long term economic interests of orange
2 county and its constituents.

3 (b) The board shall provide quarterly reports to the monitor or moni-
4 tors and annual reports to the director on the operational status of the
5 industrial development agency. In addition, the monitor or monitors
6 shall provide semi-annual reports to the director, who shall make such
7 reports available upon request to the governor, the temporary president
8 of the senate, and the speaker of the assembly on the fiscal and opera-
9 tional status of the industrial development agency. Such semi-annual
10 report shall include all the contracts that the board entered into
11 throughout the year. All reports shall be subject to review by the comp-
12 troller at the request of the director.

13 (c) The monitor or monitors shall have the authority to disapprove
14 travel paid for by the industrial development agency.

15 (d) The monitor or monitors shall work with the board in developing
16 and revising the industrial development agency's goals, implementation
17 of its priorities and budgetary recommendations.

18 (e) The monitor or monitors may recommend, and the board shall consid-
19 er by vote of a resolution at the next scheduled meeting of the board,
20 cost saving measures including, but not limited to, shared service
21 agreements.

22 4. The director may overrule any decision of the monitor or monitors,
23 except for decisions related to collective bargaining agreements negoti-
24 ated in accordance with article fourteen of the civil service law. If
25 the director overrules a decision of the monitor or monitors, the direc-
26 tor may direct the board to take corrective action on such matter if it
27 is necessary to comply with state law, regulation or the long-term
28 economic interests of orange county and its constituents. In the event
29 there is disagreement between the monitors, the director may resolve
30 such disagreements and direct the monitors to take action as a result of
31 such resolution.

32 5. Nothing in this section shall be construed to abrogate the duties
33 and responsibilities of the board consistent with applicable state law
34 and regulations.

35 § 2. Paragraphs (n) and (o) of subdivision 1 of section 6 of the
36 public authorities law, as added by chapter 506 of the laws of 2009, are
37 amended and a new paragraph (p) is added to read as follows:

38 (n) make recommendations to the legislature and governor with respect
39 to options for, and whether there should be, compensation for boards of
40 directors; ~~and~~

41 (o) review the potential for and make recommendations to the legisla-
42 ture and governor regarding change in the terms of office of public
43 authorities board members~~[-]~~; and

44 (p) appoint monitors to provide oversight, guidance and technical
45 assistance related to the fiscal policies, practices, programs and deci-
46 sions of a state or local authority, including but not limited to deci-
47 sions, actions and policies related to contracts and payment in lieu of
48 taxes agreements as authorized in law.

49 § 3. This act shall take effect immediately; provided however, that
50 subdivisions two, three, four and five of section 912 of the general
51 municipal law, as added by section one of this act shall expire and be
52 deemed repealed two years after such effective date.

1 Section 1. Section 212 of the retirement and social security law is
2 amended by adding a new subdivision 2-a to read as follows:

3 2-a. Notwithstanding the provisions of subdivision two of this
4 section, the earning limitations for retired persons in positions of
5 public service shall be increased to fifty thousand dollars from the
6 year two thousand twenty-three and thereafter.

7 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 212 of the Retirement and Social Security Law (RSSL) to set the salary a retired person may earn in public employment without reduction in retirement allowance to \$50,000 during the calendar year 2023 and thereafter. Currently, the salary limit is \$35,000.

Insofar as this bill affects the New York State and Local Retirement System (NYSLRS), if enacted during the 2023 legislative session, the direct cost incurred would be the retiree's post-retirement earnings more than \$35,000 each calendar year, not to exceed the full pension benefit paid by the NYSLRS during the calendar year. Annually, NYSLRS will determine which retirees earned post-retirement income with a public employer.

In the New York State and Local Employees' Retirement System (NYSLERS), pursuant to Section 25 of the RSSL, these direct costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. The benefit improvement will be funded by including a separate itemized charge on the annual invoice of the State of New York, beginning March 1, 2025, equal to the cost quoted above, plus interest.

In the New York State and Local Police and Fire Retirement System (NYSLPFRS), those participating employers that elect to hire a retired person pursuant to this legislation will incur annual costs equal to the additional pension payments quoted above, plus interest.

In addition to the direct costs quoted above, insofar as this proposal disrupts the usual pattern and timing of employee turnover (that is, if members retire earlier than assumed and participating employers hire a retiree instead of a new billable member), shifts in member behavior could generate losses that increase the average billing rates.

* In the 20-year and 25-year service-based plans, average billing rates could increase from 27.8% to 37.7%.

* In the age-based plans, average billing rates could increase from 13.7% to 17.2%.

The actual increase in billing rates will depend upon member and employer utilization, with the rates above representing an upper limit.

Further, we anticipate additional administrative costs to implement the provisions of this legislation.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.

Section 1. Section 343 of the retirement and social security law is amended by adding a new subdivision i to read as follows:

3

i. 1. Notwithstanding any other law, rule or regulation to the contrary, for any police officer employed by the division of law enforcement in the department of environmental protection in the city of New York transferring from the New York city employees' retirement system to the New York state and local police and fire retirement system after the effective date of this subdivision and any police officer formerly employed by the division of law enforcement in the department of environmental protection in the city of New York having made such transfer, such police officer's division of law enforcement in the department of environmental protection in the city of New York service credit shall be deemed creditable service, in such police officer's twenty year or twenty-five year retirement plan, if such police officer has served for at least two years in such employment and if, within one year of the date on which he or she first became a member of the New York state and local police and fire retirement system or within one year of the effective date of this subdivision, such member elects to do so.

2. The amount of such service credited to the member in the New York state and local police and fire retirement system plan shall not exceed the amount of service credited to the member in the New York city employees' retirement system plan.

3. If the member subsequently retires on an age-based retirement plan in the New York state and local police and fire retirement system instead of a twenty year or twenty-five year plan, the full amount of service credit earned, as a police officer employed by the division of law enforcement in the department of environmental protection in the city of New York shall be granted.

4. In no event shall the division of law enforcement in the department of environmental protection in the city of New York service credited to a member of the New York state and local police and fire retirement system pursuant to this subdivision exceed a total of ten years.

5. Notwithstanding any other provision of law in this section to the contrary, the reserve on such member's benefits shall be transferred from the New York city employees' retirement system to the New York state and local police and fire retirement system in accordance with subdivisions c and d of this section.

6. No member who receives service credit pursuant to this subdivision shall be eligible to receive additional service credit pursuant to subdivision b of section three hundred eighty-four-e of this article if his or her employer has elected to provide such service credit.

1 § 2. This act shall take effect on the sixtieth day after it shall
2 have become a law.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would expand the definition of service creditable under 20-year and 25-year plans in the New York State and Local Police and Fire Retirement System (NYSLPFRS) to include service transferred by any police officer employed or formerly employed by the Division of Law Enforcement in the Department of Environmental Protection in the City of New York, provided that such police officer has at least two years of such employment. The member must elect to obtain the service credit within one year of the date on which they first became a member of the NYSLPFRS or within one year of the effective date of this bill, whichever occurs later. The amount of service credit received in the NYSLPFRS shall not exceed the minimum of the amount of service credited to the member in the New York City Employees' Retirement System (NYCERS) plan or 10 years.

If this bill is enacted during the 2023 legislative session, it is estimated that the past service cost will average approximately 25% of an affected member's salary for each year of additional service that is credited on a 20-year or 25-year plan. This cost will be offset by any reserves transferred from the NYCERS. The remaining cost will be shared by the State of New York and the participating employers in the NYSLPFRS.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.

3 PART DDD

4 Section 1. Section 212 of the judiciary law is amended by adding a new
5 subdivision 3 to read as follows:

6 3. (a) The chief administrator shall collect and compile data on legal
7 training programs conducted by, or under the supervision of, the office
8 of court administration for the judges and justices of the unified court

5 (b) On or before the first day of January of each year, the chief
6 administrator shall submit a report to the governor, the temporary pres-

9 shall also contain:

10 (i) rules, policies, and procedures on legal training for judges and

12 office of court administration mandates any legal training for any judge

18 subdivision 4 to read as follows:

19 4. (a) The chief administrator shall prepare an annual report on the

21 chief administrator shall submit such report to the governor, the tempo-
22 rary president of the senate, and the speaker of the assembly, and shall
23 publish such report on the website of the office of court adminis-
24 tration, on or before the first day of January of each year. Such report
25 shall include:

26 (i) rules, policies and procedures of the office of court adminis-
27 tration for promoting the timely and just resolution of actions and
28 proceedings, including standards and goals for motion resolution and
29 case disposition; and

PART EEE

Section 1. Section 89-e of the retirement and social security law is amended by adding a new subdivision k to read as follows:

k. Notwithstanding any provision of law to the contrary, where a correction officer would have been entitled to retire pursuant to this section at the time of his or her death and where his or her death occurs on or after the effective date of the chapter of the laws of two thousand twenty-three that added this subdivision, the beneficiary or beneficiaries may elect to receive, in a lump sum, an amount payable which shall be equal to the pension reserve that would have been established had the member retired on the date of his or her death, or the value of the death benefit and the reserve-for-increased-take-home-pay, if any, whichever is greater.

§ 2. The retirement and social security law is amended by adding a new section 606-c to read as follows:

§ 606-c. Death benefits for correction officers employed by Westchester county. a. As used in this section, the term "correction officer" shall mean a person employed by the Westchester county correction department with a title of correction officer, correction officer-sergeant, correction officer-captain, assistant warden, associate warden or warden.

b. Notwithstanding any provision of law to the contrary, where a correction officer would have been entitled to a service retirement benefit at the time of his or her death and where his or her death occurs on or after the effective date of the chapter of the laws of two thousand twenty-three that added this section, the beneficiary or beneficiaries may elect to receive, in a lump sum, an amount payable which shall be equal to the pension reserve that would have been established had the member retired on the date of his or her death, or the value of the death benefit and the reserve-for-increased-take-home-pay, if any, whichever is greater.

§ 3. All past service costs associated with implementing the provisions of this act shall be borne by the county of Westchester and may be amortized over a period of ten years.

§ 4. Notwithstanding any other provision of law to the contrary, none of the provisions of this act shall be subject to the appropriation requirement of section 25 of the retirement and social security law.

§ 5. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for Westchester County correction officers in Tiers 2 through 6. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death.

If this bill is enacted during the 2023 legislative session, we anticipate that there will be an increase of approximately \$110,000 in the annual contributions of Westchester County for the fiscal year ending

March 31, 2024. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$812,000 which will be borne by Westchester County as a one-time payment. This estimate assumes that payment will be made on February 1, 2024. If Westchester County elects to amortize this cost over a 10-year period, the cost for the first year including interest would be \$104,000.

These estimated costs are based on 821 affected members employed by Westchester County, with annual salary of approximately \$103 million as of March 31, 2022.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for retirement eligible members of the New York State and Local Employees' Retirement System who are employed by Nassau County in certain fire marshal job titles. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death.

If this bill is enacted during the 2023 legislative session, we anticipate that there will be an increase of approximately \$5,400 in the annual contributions of Nassau County for the fiscal year ending March 31, 2024. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$48,700 which will be borne by Nassau County as a one-time payment. This estimate assumes that payment will be made on February 1, 2024. If Nassau County elects to amortize this cost over a 10-year period, the cost for the first year including interest would be \$6,220.

These estimated costs are based on 44 affected members employed by Nassau County, with annual salary of approximately \$5.0 million as of March 31, 2022.
